

GAP

In most circumstances, your vehicle is worth a lot less the second you drive it off the lot. Protect the investment made in your vehicle with **GAP**.

WHAT IS GAP?

Guaranteed Asset Protection, or GAP, is a voluntary, non-insurance program offered as protection on a new or used vehicle that is financed or leased. It is a supplemental benefit that enhances, rather than replaces, your standard comprehensive, collision, or liability coverage. GAP waives the difference between your primary insurance carrier's settlement and the payoff of your loan.¹ In other words, it protects the "gap" between your vehicle's value and the amount you still owe in the case it is damaged beyond repair or stolen and never recovered.

HOW DOES GAP WORK?

Depending on where you live, the established market value of your vehicle could be less than the actual balance you owe. In the event of a total loss or theft, GAP waives the difference between your primary insurance carrier insurance settlement and the payoff of your loan, subject to limitations and exclusions including a maximum loan-to-value limitation which may cap the benefit you receive. Included in the deficiency balance is the deductible up to \$1,000.²
